

## **The Righteous Shall Live By Faith Frequently Asked Questions**

**Question:**

How do I set up the game board for *The Righteous Shall Live By Faith* game?

**Answer:**

There is no right or wrong way to set up the game board for *The Righteous Shall Live By Faith* game. As long as all the game tile pieces, as well as the Title Card and the Game Cards Square, are glued to the poster board, you can play the game. It is helpful to have the tiles placed in numerical order, but even if the pieces are not in order, the game board will still work. Any arrangement of the tiles is acceptable. You might consider creating spirals with the path of Game Tiles, or you could create sharp corners. You even could go so far as to create a picture with the game tiles, or maybe just scatter them across the poster board so the arrangement is totally random.

**Question:**

What should I do with the Craft Cards?

**Answer:**

Reproduce the Craft Cards so that you have enough for each member of your class. Use them as directed when playing *The Righteous Shall Live By Faith* game, and send them home with your students at the end of each class.
